

# XTIUM DaaS Implementation Checklist

DaaS doesn't have to be complex. With the right plan, you can deploy in as little as 3–4 weeks—without surprises.

**Go Live Date:**

Sr #	Task	Average Days to Complete	Completed
<b>1. Project Initiation:</b>			
a	Signed Quote Submitted	1	<input type="checkbox"/>
b	Technical Discovery Questionnaire Submitted	1	<input type="checkbox"/>
c	Kick-Off Call Scheduled	1	<input type="checkbox"/>
<b>2. Customer Onboarding Call:</b>			
a	XTIUM Intelligent Cloud Manager Signup completed	1	<input type="checkbox"/>
b	Discussed TDQ with XTIUM	1	<input type="checkbox"/>
c	Informed about the next steps/action items	1	<input type="checkbox"/>
<b>3. Cloud Environment Setup:</b>			
a	Placed order as per the quote and discussion over the TDQ call	2	<input type="checkbox"/>
b	XTIUM Engineering Team to start provisioning the environment	1	<input type="checkbox"/>
c	Received follow-up email with the updated environment status and action items	1	<input type="checkbox"/>
<b>4. URL and Backend servers configuration:</b>			
a	Provide domain admin credentials to XTIUM for URL and infrastructure servers configuration	1	<input type="checkbox"/>
b	Completed VPN set-up	2	<input type="checkbox"/>
c	SSL Certs (applicable if using URL that does not contain XTIUM domain)	1	<input type="checkbox"/>
d	Testing of Netscaler URL	2	<input type="checkbox"/>
e	Vulnerability Scan for Citrix Infra Servers	2	<input type="checkbox"/>
f	Firewall Monitoring with Zabbix/MSP ones to be monitored with Kaseya	1	<input type="checkbox"/>
<b>5. Internal Testing: Performed by XTIUM</b>			
a	Infrastructure servers and HVD for template configured by Engineering	2	<input type="checkbox"/>
b	Details of infrastructure and HVD sent to Support for testing	2	<input type="checkbox"/>
c	Details handed over to Project Management	1	<input type="checkbox"/>
<b>6. Cloud Services Delivery:</b>			
a	Received environment detail along with set-up guide to customer	2	<input type="checkbox"/>
b	Completed desktop access walk-through call with XTIUM	1	<input type="checkbox"/>
<b>7. Follow up with XTIUM for:</b>			
a	<b>Template customization completed</b>	2+	<input type="checkbox"/>
b	AD user list for desktop assignment provided to XTIUM	2	<input type="checkbox"/>
<b>8. Order and Provision HVDs as per the Template: Performed by XTIUM</b>			
a	Unjoined template from the domain and converted into template	2	<input type="checkbox"/>
b	Ordered desktops out of the converted template	1	<input type="checkbox"/>
c	Configured HVDs, and assigned users	1	<input type="checkbox"/>
<b>9. Project Finalization:</b>			
a	Environment details sent by Engineering to Support for final testing	1	<input type="checkbox"/>
b	Environment details sent to PMO after final testing by Support	1	<input type="checkbox"/>
c	Environment handed over to the customer by PMO	1	<input type="checkbox"/>
d	Scheduled second walk-through call with XTIUM (if needed)	1	<input type="checkbox"/>
<b>10. Feedback</b>			
a	Provide XTIUM confirmation that environment is working per requirement	1	<input type="checkbox"/>
b	Initiated troubleshooting to resolve issues based on feedback (if required)	TBD	<input type="checkbox"/>
